

Dear supporters, I hope this annual report finds you well. It has been a difficult year but, thanks to your support, *Shine Like Stars*, has continued to support very poor families in Pakistan. We are indebted to the volunteers from our partner organisation CLiP - Community Link Programme who continue to inspire us with their on-going passion, commitment and hard work.

Clean water

In March this year volunteers from CLiP travelled to Cholistan to install bio-sand water filters. Despite the long travelling distances, bad roads and impending lockdowns, two villages were provided with water filters and maintenance training. Correctly used, these water filters will last 50-60 years, saving many lives.

Relief Aid

Flood Aid - October 2019 saw big floods in the area of Kasur. With homes, workplaces and fields inundated daily wage workers were unable to provide for their families as well as suffering from medical complaints brought on by flooding. *Shine Like Stars* were able to equip their partners to take food, clothing and medical assistance to victims.

Corona Aid - Like many communities around the world, COVID-19 has had a devastating effect on the poor in Pakistan. Through the generous support of our supporters, we have been able to send \$A2600 to provide food packages for those who had lost their incomes during the pandemic.

We continue to fund-raise for those in need to provide communities with water filters and relief aid. If you are interested in supporting this vital work please [click here](#), email us at admin@shinelikestars.org.au or phone 0405 575940. Thank you once again for your support.

- Janet Legg, President

“Families who are on daily wages are suffering most.”

- Kenneth Shakeel
President, Community Link Programme (CLiP)

Mother and foster-mother gratefully receives food for the 8 children in her care
